Dear Parents,

Covid Advice

We have had a growing number of cases in school. Currently there are no requirements to self-isolate or test. However, I would ask you to please be vigilant about your child's health. If your child is unwell with cold, flu or sore throat and is generally under the weather please consider if you need to test and if they need to be in school. Children should come back to school when they are well. A reminder that we will not give out Calpol in school.

Children who have vomited or had diarrhoea should stay at home for 48 hours from the last episode of sickness. This is to prevent an outbreak of winter vomiting virus from spreading across the school.

Winter is coming

As a school we have invested in insulation for loft spaces and walls, double glazing, energy efficient boilers and adjustable thermostats on radiators. Despite this our energy bills are quite scary! The classrooms are a good temperature for learning. The children are helping me by remembering to close classroom doors when they go out to play.

You can help by:

- Ensure your child has a school sweater every day and is warmly dressed,
- Ensure they have a labelled coat in school every day.

Good Relationships

Good relationships between home and school are essential for your child's wellbeing and education. Increasingly class WhatsApp groups are becoming a forum for negative or misleading/false information. My advice is that you read the school newsletter as this is the correct information and speak to the class teacher if you have concerns.

Year 4 Trip to Leicester Museum

Year 4 will be going to Leicester Museum on Tuesday 22nd November. Please go to your ParentPay account to give permission for your child to attend and make a contribution towards the cost.
