Friday 4th October 2024

Dear Parents,

World Mental Health Day Thursday 10th October 2024

In the UK, an estimated five children in every classroom have a mental health problem and 80% of young people with mental health needs said the pandemic made their mental health worse. But it doesn't have to be this way - things can get better.

Mind provides young people with tools to look after their mental health. They empower adults to be the best support they can be to the young people in their lives. Mind gives young people the space and confidence to get their voices heard and change the world we live in.

This World Mental Health Day 10th October 2024, we will be providing yellow wrist bands to all pupils to wear in school for the day. This is to encourage them to wear something yellow with thousands of others across the UK to show young people that they're not alone with their mental health.

Because we stand brighter, together.
