Services and support available to families in North Northants

Family Hubs in North Northamptonshire are community-based and designed to support families with children from birth to 19 years old (or up to 25 if they have special educational needs or disabilities). They provide a central point for accessing a wide range of services and support, including mental health resources, parenting advice, infant feeding support, and early learning programmes. The goal is to give children the best start in life and to support families throughout their development journey.

Family Hubs bring together various services under one roof, making it easier for families to find the help they need. They work in collaboration with local authorities, health partners, education settings, and the voluntary and community sector to ensure comprehensive support is available.
