

Broughton Primary School

Prospectus

WELCOME

A very warm welcome to Broughton Primary School

We are a happy, vibrant village school serving the community of Broughton, as well as families from many outlying areas. The school is on the edge of the village, surrounded on three sides by fields and has open views of the beautiful Northamptonshire countryside.

Originally built in 1935, Broughton Primary School is rich in local history with many former pupils and families living locally. We pride ourselves in being at the heart of the local community.

MISSION STATEMENT

Broughton Primary School welcomes children into a happy, safe, attractive and stimulating environment, where each child is known well, valued highly and can learn effectively.

We aim:

- To cultivate a strong partnership between teachers, parents and families, governors, children and all those who work in the school.
- To provide a happy, caring and safe environment where everyone is valued and in which children are empowered to build on their strengths and overcome their weaknesses.
- To ensure pupils are inspired and have opportunity to achieve their potential in all areas of the curriculum.
- To foster an attitude of care towards people and living things, to encourage pupils to show consideration, tolerance and respect for others and to value the spiritual dimensions of life.
- To provide a full curriculum, fulfilling the requirements of the National Curriculum, where learning experiences are broad, balanced, relevant and regularly reviewed.

PARTNERSHIP

“Absolutely
no complaints.
It’s brilliant.
That’s all I’ve
got to say.”

— PARENT —

Our dedicated staff work hard to build strong partnerships within the school and with the local community.

We value the relationships built between staff, children and parents, recognising that this collaboration is vital in ensuring unique individual success for every child.

The local community supports our curriculum effectively; enthusiastic classes regularly visit points of interest such as Broughton's church, blacksmiths, park and post office, as well as welcoming many visitors.

Governors are fully involved in school life: visiting classes, monitoring progress and attending whole school events.

At Broughton Primary School, we plan the curriculum to provide a meaningful and worthwhile education that will prepare children for secondary school and later life.

The talents of every pupil are recognised and valued. Individual needs are identified and well supported by experienced staff so that all can aspire to reach their potential.

Progress of every child is closely monitored across all subjects and intervention programmes individually tailored, encouraging pupils to develop confidence, lifelong enthusiasm for learning and ambition for personal success.

POTENTIAL

“Staff develop a love for learning, reading and problem solving that will last pupils for the rest of their lives.”

— OFSTED —

RESPECT

“I love
coming to school,
playing and
learning with
my friends.”

— PUPIL —

Staff and pupils engage in a well-balanced, broad-based curriculum which is not only academic, but also promotes cultural, social, spiritual and physical development and growth.

Our priority is ensuring that the school is a very happy, secure and important place for each child. Visitors often comment on the warm, friendly reception they receive from both children and adults.

Committed staff nurture positive relationships throughout the school, promoting empathy, tolerance and respect towards others.

Our curriculum is extended and enriched through a wide range of experiences and activities.

The school offers pupils regular access to a spacious computer suite, library and multiple outdoor learning environments, as well as PE, art, music, language and IT specialists. Many sports clubs and music tuition sessions are available before, during and after school.

Pupils stage regular performances throughout the school year - such as class assemblies, plays and our traditional Summer Gala - which are thoroughly enjoyed by all involved.

School trips, enrichment days and residential in Year 4 and 6 are highlights of the school year and provide many fond, lifelong memories for pupils of their primary school experience.

OPPORTUNITY

“Your focus is on providing a broad and balanced curriculum for the ‘whole child’.”
